

INTERNATIONAL FLUID POWER SOCIETY: EDUCATION, CERTIFICATION, PROFESSIONALISM

Certification

Through our multifaceted work in education, training and certification, the International Fluid Power Society strengthens and advances professional careers in the fluid power workforce. We are committed to facilitating and promoting the advancement of technology and professionalism of the Fluid Power & Motion Control Industry through Awareness, Education and Certification.

IFPS certification tests provide an objective, third-party assessment of an individual's skill level and are recognized industry-wide. Our certification offerings keep pace with changing fluid power and motion control technologies. Certifications are available at various skill levels including mechanic, technician, and specialist and are valid for five years at which time recertification is required. Individuals who master an IFPS Certification are issued a credential that is recognized throughout the industry. Certification tests shown on the right are currently available through IFPS.

Membership

IFPS Membership provides the benefit of IFPS' 50 years of expertise and supports a non-profit organization dedicated to the unique interests of fluid power engineers, specialists, technicians, and mechanics throughout their careers. The International Fluid Power Society has chapters in major cities and student membership in leading fluid power educational institutions.

Membership Levels Include:

- Professional
- Student
- Corporate
- Paid-Up-For-Life
- IFPS Honorary Life
- International Associate

Education

The International Fluid Power Society offers technical fluid power fundamental training, certification review training sessions, seminars, instructor accreditation, and customized training.

AFPI Accredited Fluid Power Instructor	CFPIHT Certified Fluid Power Industrial Hydraulic Technician
AJPP Authorized Job Performance Proctor	CFPMHT Certified Fluid Power Mobile Hydraulic Technician
CFPMM Certified Fluid Power Master Mechanic	CFPPT Certified Fluid Power Pneumatic Technician
CFPIHM Certified Fluid Power Industrial Hydraulic Mechanic	CFPS Certified Fluid Power Specialist
CFPMHM Certified Fluid Power Mobile Hydraulic Mechanic	CFPHS Certified Fluid Power Hydraulic Specialist
CFPPM Certified Fluid Power Pneumatic Mechanic	CFPPS Certified Fluid Power Pneumatic Specialist
CFPMT Certified Fluid Power Master Technician	CFPE Certified Fluid Power Engineer
CFPCC Certified Fluid Power Connector Conductor	
IN DEVELOPMENT	
CFPECS Certified Fluid Power Electronic Controls Specialist	
CFPM Certified Fluid Power Mechatronics	

In 2010, the International Fluid Power Society will celebrate its 50th anniversary as the organization for fluid power and motion control professionals. Check in every issue of Fluid Power Journal in 2010 for special coverage about the history of the Society and its plans for the future.
